It is always a honor for me to work with DORP as Chairman for last six years. DORP has a noble mission for changing the condition of the disadvantaged and poor people of rural society with special emphasis on empowerment of women. I feel obliged with the organizational commitment for taking active role in all its development arena. For the last 31 years our commitment was to work for the poor & vulnerable section of the society particularly women group with safety-net programs.

DORP has the credit of innovation of Maternity Allowance based SAPNA package for the pregnant and lactating poor mothers. Government of Bangladesh accepting the idea has been implementing the project throughout the country. Besides the WASH budget tracking & resettlement project activities marching forward. DORP’s activities on WASH have got international recognition.

Our efficient and committed working team does all its best for optimum results and success. I, as chairman, feel proud of them.

I am very thankful to the Executive Committee members of the organization who are always giving their best and valuable guidance and effort.

I am always indebted to the respective officers of the Ministry of Women and Children Affairs, Health, Education, Railway, Energy, Local Government & others for their help & cooperation. I deeply thank PKSF and Bank Authorities who are rendering help to DORP for running its Micro-finance Program for poverty alleviation.

The founder and CEO of DORP Mr. AHM Nouman with his 46 years of experiences established and led the organization to present state. His dynamic leadership quality is real asset for the organization.

I believe DORP has to go a long way and we all will work together for that journey.

Chapter 1: Introduction of the Organisation

Introduction of the Organisation

Genesis of DORP

Development Organisation of the Rural Poor-DORP a national Non-Governmental Organisation (NGO) has been working in the development field for more than 2 decades in Bangladesh. The experiences of the organisation are not confined to specific field, rather diverse in action. The pioneer and founder of the organisation is the first generation development activist in the country, along-with his companions who have also long experience in different areas of development.

In 1970, just before the liberation war of Bangladesh, a devastating cyclone caused havoc and about 1 million people died in the coastal area. During that time some youths of Ramgati Thana under Laksmipur district (one of the severely cyclone affected areas) were organised to help the victims through relief and rehabilitation program. After completion of the works, it was realised that relief could only solve the immediate problems of the affected people but much more is needed for self reliance. Based on this realization, they started a cooperative movement ensuring the participation of the affected people under the name of Ramgati Central Cooperative Association. After starting the work, a new concept about rehabilitation was drawn in the minds of the organisers in the frame of creation and development of Cluster Village. The World Bank Christmas Party Fund supported the program under the name of Gram Bishaw and that was the ever first Cluster Village in the country set up at Ramgati, during 1970-71.

Thus, the present Chief Executive and Founder of DORP, AHM Nouman was directly involved in relief and rehabilitation program and Bishwa Gram project as a pioneer and architect. Later on, realizing the importance and indispensability of self-help and self-reliance in promoting the sustainable development, he along with a few other pioneers, established the well-known Swanirvar Bangladesh, one of the leading self-reliance promoting NGO of the country. Working with this mission for a long time, they realised the change of social and economic situation of the country and felt to transform development sector through bottom-up approach , while people from rural areas of the country were the focal group of development. Eventually, in 1987, AHM Nouman with other like-minded professional rural development actors established DORP for achieving sustainable development through self-reliance.

Thus, DORP became an organisation of a set of social workers with adequate educational and technical expertise including grass root people, with local level experiences in the areas of integrated development. Its participatory approach was method of practice from the very beginning of the organisation. In DORP’s evolution process, it has experimented out various approaches and undertaken some action-oriented research to identify direction of its programs with active participation of people specially the poor, women and riverine belt inhabitants as program partners.
The Year 2018: DORP has been implementing 20 Projects

4 Thematic areas identified to address in 5 years 2016-2020
The main aim of “Watershed-Empowering Citizens” is to strengthen capacity of Civil Society Organisations (CSOs) to advocate and lobby in the interrelated fields of IWRM and WASH to ensure equity and social inclusion, as well as sustainable usage of water resources. It will contribute to the Sustainable Development Goal for universal access to water and sanitation services and water security (SDG-6) by making the voices of citizens heard and strengthening governance and accountability.

Three main strategies of Watershed program:
- Strengthening the capacity of CSOs to conduct lobby and advocacy for Sustainable WASH services for all.
- Improving policy implementation, practice and coordination.
- The inter-stakeholder dialogue.

Overall Progress in line with project goals and objectives

DORP has completed 48 activities of the project during this reporting period and involved in 3 activities out of 17 activities with other partners. DORP is working in Watershed Bangladesh program to strengthen capacity of CSO in local policy advocacy and monitoring progress of WASH & IWRM while Budget Tracking is underscored one of the focused area, and Pre-budget and Open budget dialogues are two of the tracking events which are giving enormous ideas what is happening at ground. DORP is fully involved to develop capacity of CSOs through coaching as well as ourselves with new plans and using new tools. Engaging CSO members on Upazila WASH committee and Upazila IWRM Committee wa one of the successful intervention to talk on behalf of marginalised.
DORP has been implementing the RITU project in 53 Unions and 3 Municipalities under 8 Upazilas of Netrokona district. Independent Auditors’ Report to the Executive Committee of
Development Organisation of the Rural Poor (DORP)
for the year ended 30 June, 2018

Report on the Financial Statements
We have audited the accompanying Financial Statements of “Development Organisation of the Rural Poor (DORP), which includes the Consolidated Statement of Financial Statement, Consolidated Statement of Income & Expenditure and Consolidated Statement of Receipts & Payments for the year ended 30 June, 2018 together with notes thereto.

Management’s Responsibility for the Financial Statements
DORP’s Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS) and other applicable laws and regulations. The responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements present fairly in all material respects, the Statement of Financial Position of the Organisation as at 30 June, 2018 and its financial performance for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS).

Further to our opinion in the above paragraph, we state that:

i. we have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit, and made due verification thereof;

ii. in our opinion, proper books of account as required by law were kept by the management so far as it appeared from our examination of those books;

iii. the Statement of Financial Position, Statement of Income & Expenditure and Statement of Receipts & Payments dealt with by this report are in agreement with the books of account; and

iv. in our opinion, the said financial statements, prepared in accordance with Bangladesh Accounting Standards, bear a correct reflection of the financial status of the Organisation at the date and its operational results for the year ended on that date.
